Carroll Electric Cooperative Internship Opportunities 2026

Description

Carroll Electric Cooperative offers internship opportunities for undergraduate and graduate students interested in gaining experience in the electric utility industry. Interns will be placed in various departments across the cooperative, depending on their skills and interests.

Responsibilities

- Assist with departmental projects and tasks.
- Conduct research and analysis.
- Prepare reports and presentations.
- Attend meetings and conferences (when applicable).
- Learn about the electric utility industry and cooperative business model.

Qualifications

- Currently enrolled in an undergraduate or graduate program at an accredited university.
- Major in engineering, technology, business, communication, or a related field (depending on the specific internship).
- Strong academic record.
- Excellent communication, teamwork, and problem-solving skills.
- Ability to work independently and take initiative.
- Some technical skills may be required depending on the position.

Experience

- Previous internship or volunteer experience preferred, but not required.
- Experience in the electric utility industry is a plus.

Skills

- Proficient in Microsoft Office Suite.
- Strong written and verbal communication skills.
- Ability to work effectively in a team environment.
- Time management and organizational skills.
- Analytical and problem-solving skills.

Job Benefits

- Gain valuable experience in the electric utility industry.
- Network with professionals in the field.
- Learn about the cooperative business model.
- Potential for employment after graduation.
