FERC Summer Internship Students Program 2026

Description

Join the Federal Energy Regulatory Commission's (FERC) Summer Internship Students Program in 2026 and immerse yourself in the regulatory landscape of the energy sector. This internship provides a unique opportunity to gain practical experience, contribute to important projects, and be part of the regulatory process shaping the nation's energy future.

Responsibilities

- Collaborate with FERC professionals on various projects related to energy regulation, compliance, and policy.
- Assist in research, data analysis, and preparation of reports.
- Engage in the review and evaluation of energy project applications and proposals.
- Contribute to day-to-day activities supporting FERC's mission and objectives.

Qualifications

- Currently enrolled in an undergraduate or graduate program.
- Pursuing a degree in Law, Energy Policy, Environmental Science, Economics, or a related field.
- Strong academic record.
- U.S. citizenship or eligibility to work in the United States.

Experience

While prior regulatory or energy sector experience is not mandatory, a strong interest in energy policy and regulation is highly valued.

Skills

- Strong analytical and critical-thinking skills.
- Excellent written and verbal communication abilities.
- Ability to work independently and collaboratively in a team-oriented environment.
- Proficiency in Microsoft Office suite.

Job Benefits

- Exposure to the regulatory aspects of the energy industry.
- Mentorship opportunities with experienced professionals at FERC.
- Networking opportunities within FERC and the broader energy regulatory community.
- Contribution to projects that influence national energy policy.
- Competitive stipend and potential for future career opportunities.
