First Electric Cooperative Internship Graduate Programs 2026

Description

First Electric Cooperative is excited to offer Internship opportunities for graduate students in 2026. This program provides a unique opportunity to gain hands-on experience in the electric cooperative industry and contribute to the cooperative's mission of providing reliable energy services to our communities.

Responsibilities

- Collaborate with departmental teams on projects related to energy distribution and services.
- Conduct research and analysis to support decision-making processes.
- Assist in the planning and execution of cooperative initiatives.
- Engage in fieldwork to gain practical experience in electric utility operations.
- Provide administrative support and contribute to ongoing projects.
- Participate in professional development activities and training sessions.

Qualifications

- Currently enrolled in a graduate program in Engineering, Energy Management, Business Administration, or a related field.
- Strong academic record.
- Excellent written and verbal communication skills.
- Detail-oriented with strong organizational abilities.
- Ability to work independently and as part of a team.
- Understanding of electric utility operations and energy management is advantageous.

Experience

- Previous internship experience or coursework related to the energy industry is preferred but not mandatory.
- Familiarity with electric cooperative principles and practices is a plus.

Skills

- Proficient in Microsoft Office suite (Word, Excel, PowerPoint, Outlook).
- Analytical thinking and problem-solving skills.
- Adaptability and a willingness to learn about electric utility operations.
- Strong interpersonal and teamwork skills.
- Time management and ability to handle multiple tasks effectively.

Job Benefits

- Gain practical experience in the electric cooperative industry.
- Networking opportunities with professionals in the energy sector.
- Exposure to various aspects of electric utility operations.
- Mentorship and guidance from experienced cooperative professionals.
