FMC Internship For Graduate Students 2026

Description

FMC Corporation offers exciting internship opportunities for graduate students across various divisions and locations. Join us and gain valuable hands-on experience in your field of study, contribute to innovative projects, and explore potential career paths within a global leader in agricultural and industrial solutions.

Responsibilities

- Conducting research and data analysis in your field (e.g., chemistry, engineering, business)
- Assisting with ongoing research projects and initiatives (e.g., product development, process improvement)
- Developing reports, presentations, and other communication materials
- Participating in field work, data collection, and laboratory activities (if applicable)
- Contributing to policy development and program implementation

Qualifications

- Enrolled in an accredited graduate program in a relevant field (e.g., chemistry, engineering, business, environmental science)
- Minimum GPA of 3.0 (exceptions may be considered)
- Strong communication, interpersonal, and problem-solving skills
- Ability to work independently and as part of a team
- Demonstrated interest in FMC's products, industries, or mission
- Commitment to excellence and a strong work ethic

Experience

- Previous internship or research experience preferred (not required)
- Experience with relevant software, data analysis tools, or laboratory techniques may be beneficial
- Proficiency in relevant languages (e.g., Spanish) may be a plus for certain positions

Skills

- Excellent written and verbal communication skills
- Strong analytical and research skills
- Ability to manage time effectively and meet deadlines
- Adaptability and willingness to learn new things
- Proficient in using technology and applications (e.g., Microsoft Office Suite, statistical software)
- Attention to detail and accuracy
