

LLNL Internship Students Opportunities 2026

Description

Lawrence Livermore National Laboratory (LLNL) is thrilled to announce the Internship Opportunities for Students in 2026. We are seeking talented and motivated individuals to join our diverse team and contribute to cutting-edge scientific research and innovation. As an intern, you will have the unique opportunity to work on challenging projects, collaborate with world-class scientists, and gain valuable experience in a dynamic research environment.

Responsibilities

- Work on interdisciplinary teams to support ongoing scientific research and development projects.
- Conduct experiments, collect and analyze data, and contribute to research findings.
- Collaborate with scientists and engineers on projects spanning various scientific disciplines.
- Participate in training sessions, workshops, and seminars to enhance technical skills.
- Present research findings through written reports and oral presentations.

Qualifications

- Currently enrolled as a student pursuing a degree in a relevant scientific or engineering field.
- Strong academic performance and a passion for scientific research.
- Excellent communication and interpersonal skills.
- Demonstrated ability to work both independently and collaboratively in a team setting.
- Eligibility to work in the United States.

Experience

- Previous coursework or research experience in a related field is advantageous but not mandatory.
- Familiarity with laboratory techniques, data analysis tools, or scientific software is a plus.

Skills

- Strong analytical and problem-solving skills.
- Proficiency in relevant scientific and engineering software.
- Adaptability and a keen interest in learning and applying new technologies.
- Effective communication and presentation skills.

Job Benefits

- Competitive stipend for the duration of the internship.
- Exposure to cutting-edge research projects and collaboration with leading
