NRCS Summer Internship Opportunities 2026

Description

The Natural Resources Conservation Service (NRCS) is excited to offer Summer Internship Opportunities for 2026. We are seeking passionate and dedicated individuals to join our team and contribute to the conservation of natural resources. As an intern, you will have the chance to work on meaningful projects, engage with professionals in the field, and gain hands-on experience in environmental conservation.

Responsibilities

- Collaborate with NRCS professionals on field visits and data collection activities.
- Assist in the development and implementation of conservation plans.
- Conduct research on local ecosystems, soil health, and water conservation practices.
- Participate in outreach and educational programs to promote environmental stewardship.
- Support NRCS projects focused on sustainable agriculture and natural resource management.

Qualifications

- Current student pursuing a degree in environmental science, agriculture, natural resource management, or a related field.
- Strong academic performance and a genuine interest in conservation.
- Excellent communication and interpersonal skills.
- Ability to work independently and collaboratively in a team environment.

Experience

- Previous coursework or experience related to environmental conservation is desirable but not mandatory.
- Familiarity with GIS tools or other mapping software is a plus.

Skills

- Strong analytical and problem-solving skills.
- Proficiency in Microsoft Office applications.
- Attention to detail and ability to organize and manage data effectively.
- Eagerness to learn and contribute to conservation initiatives.
- Adaptability and a willingness to work in various outdoor environments.

Job Benefits

- Competitive stipend for the duration of the internship.
- Networking opportunities with professionals in the conservation field.
- Exposure to a variety of conservation projects and initiatives.
- Hands-on experience in applying conservation practices.
