Description

Raytheon Missiles and Defense is excited to announce the Summer Internship Program for 2026. This program provides students with a unique opportunity to gain hands-on experience in the aerospace and defense industry, working on cutting-edge projects and collaborating with industry experts.

Responsibilities

- Collaborate with engineering and research teams on missile systems and defense technology projects.
- Participate in the design, analysis, and testing of advanced technologies.
- Support the development and implementation of engineering solutions for complex challenges.
- Conduct research, data analysis, and contribute to technical reports and presentations.
- Engage in team meetings, workshops, and training sessions to enhance technical knowledge.
- Contribute to the day-to-day operations of engineering projects.
- Support administrative tasks and project documentation as needed.

Qualifications

- Currently enrolled in a Bachelor’s or Master’s program in Mechanical Engineering, Electrical Engineering, Aerospace Engineering, or a related field.
- Strong academic record.
- Excellent communication and interpersonal skills.
- Ability to work independently and collaboratively in a fast-paced engineering environment.
- Passion for aerospace and defense technologies.

Experience

- Prior internship experience, coursework, or projects related to aerospace and defense is advantageous but not required.
- Familiarity with engineering design tools and software is a plus.

Skills

- Proficient in engineering software and tools.
- Strong analytical and problem-solving skills.
- Detail-oriented with excellent organizational abilities.
- Adaptability and a proactive approach to engineering tasks.
- Effective communication and presentation skills.

Job Benefits

- Hands-on experience in a leading aerospace and defense organization.
- Networking opportunities with professionals and leaders in the industry.
- Exposure to cutting-edge technologies and engineering methodologies.
- Mentorship from experienced engineers and professionals.
- Competitive stipend for the duration of the internship.

How To Apply

Interested candidates should submit a resume, cover letter, and academic transcripts through the Raytheon Missiles and Defense online application portal. Shortlisted candidates will be contacted for interviews.

Raytheon Missiles and Defense is an equal opportunity employer and values diversity in its workforce. Students from all backgrounds are encouraged to apply. Please note that selected candidates may be subject to background checks and security clearances as required for access to certain defense projects.
